

Ce plan topographique du projet de la mine Miller  
a été réalisé par TetraTech

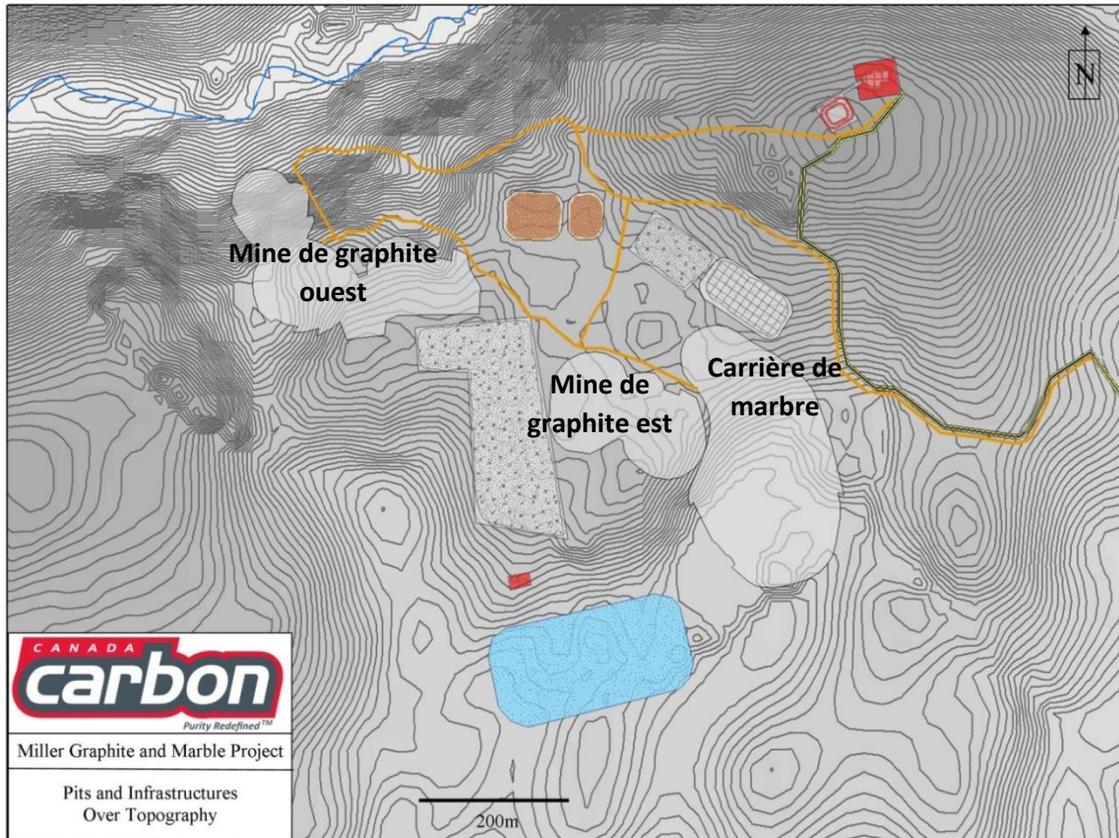

Figure 1 – Localisation des fosses

## ANNEXE 2 - Plan topographique – Mine Miller

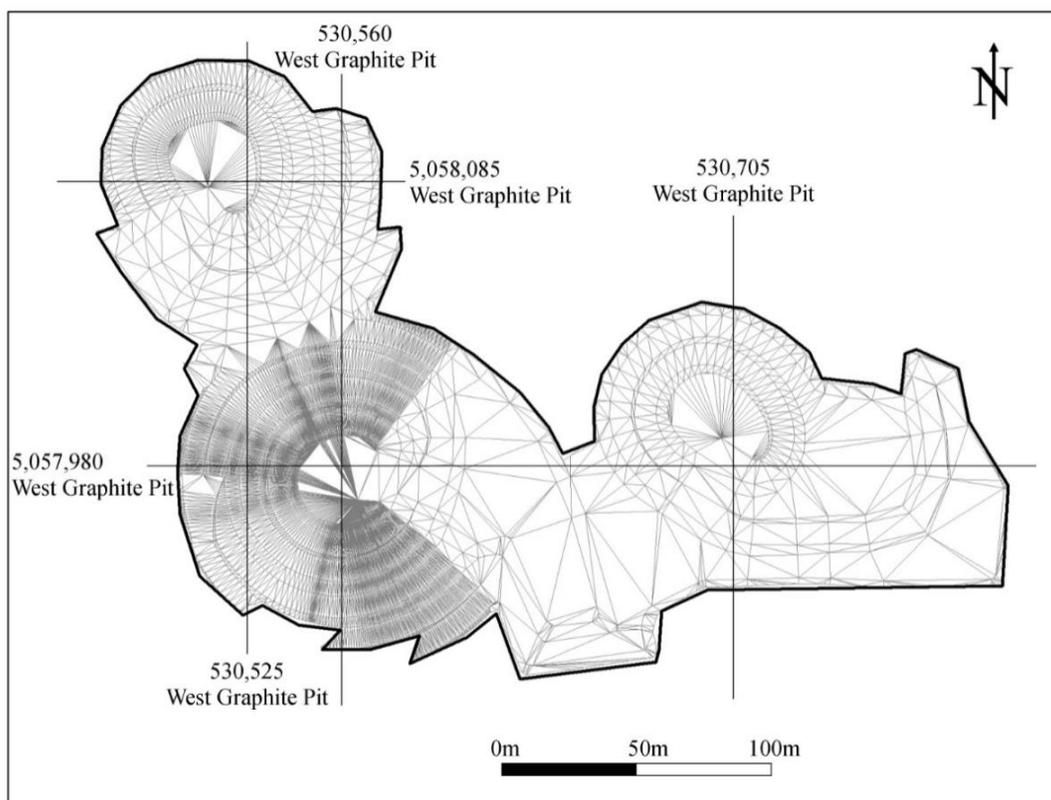

Figure 2 – Localisation des profils d'élévation : Mine de graphite ouest

## ANNEXE 2 - Plan topographique – Mine Miller

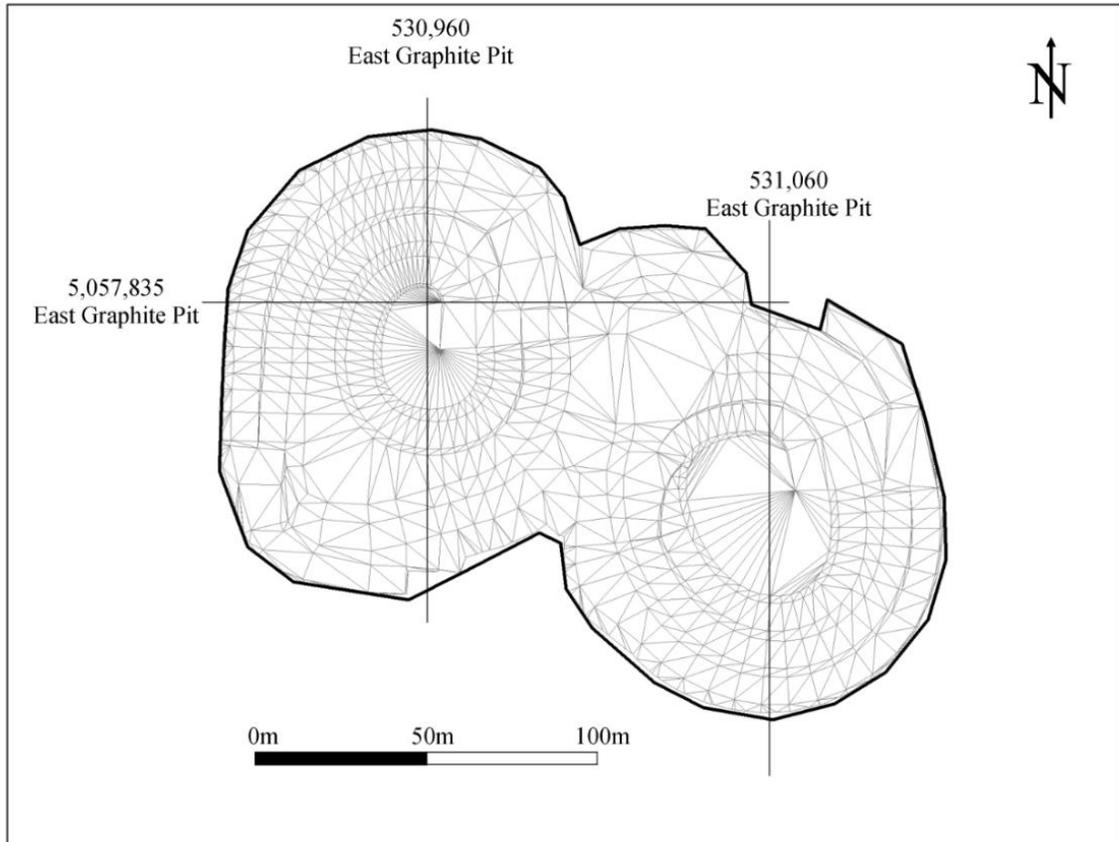

Figure 3 – Localisation des profils d'élévation : Mine de graphite est

## ANNEXE 2 - Plan topographique – Mine Miller

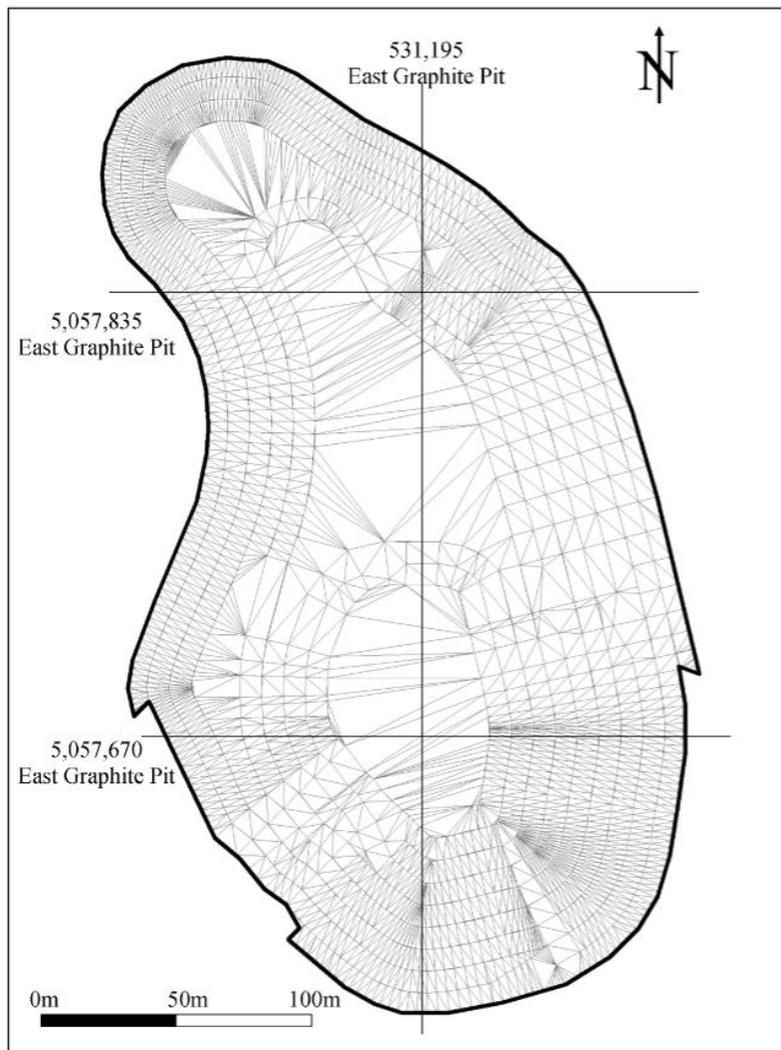

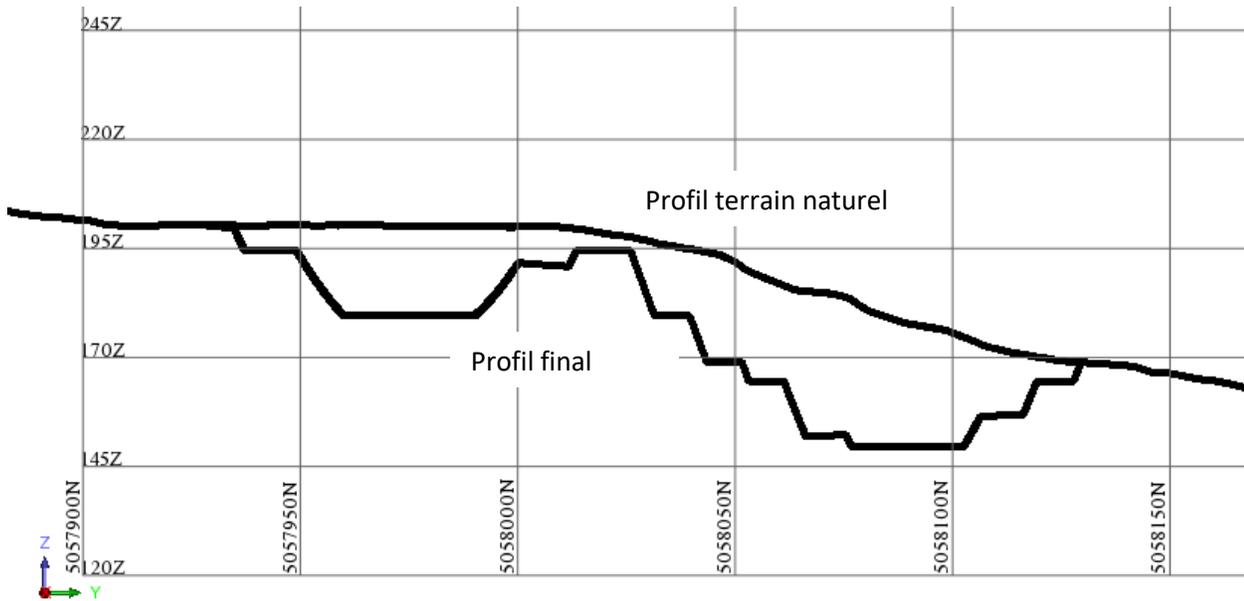

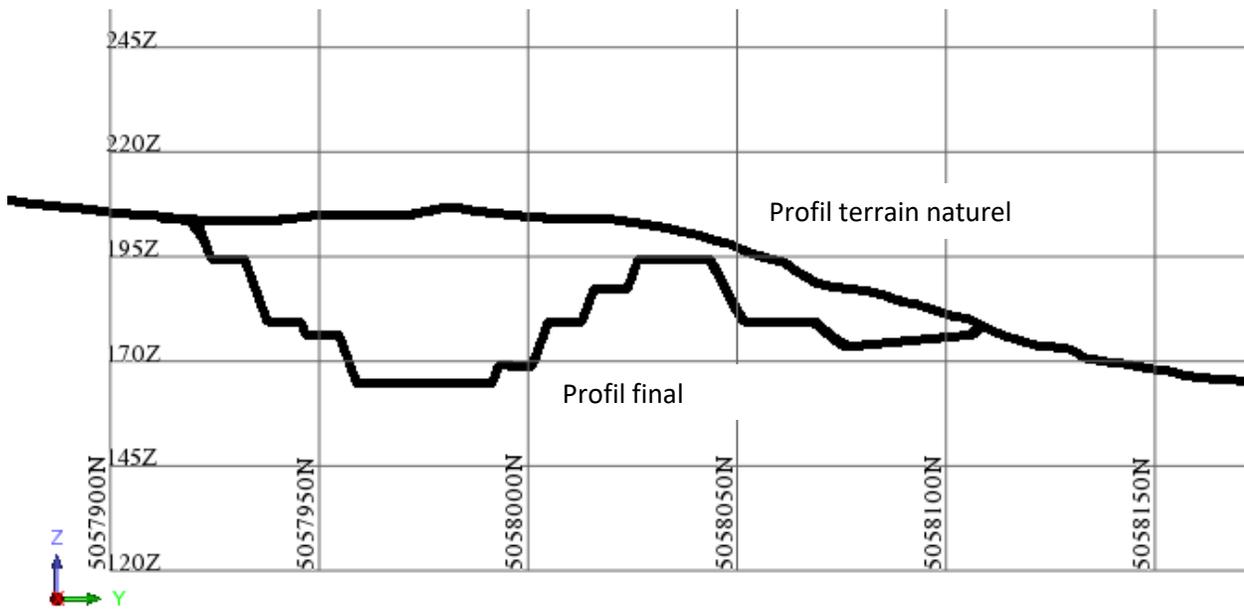

Figure 4 – Localisation des profils d'élévation : Carrière de marbre

## ANNEXE 2 - Plan topographique – Mine Miller

### Profil d'élévation : 530,525 West graphite pit (fosse de graphite ouest)

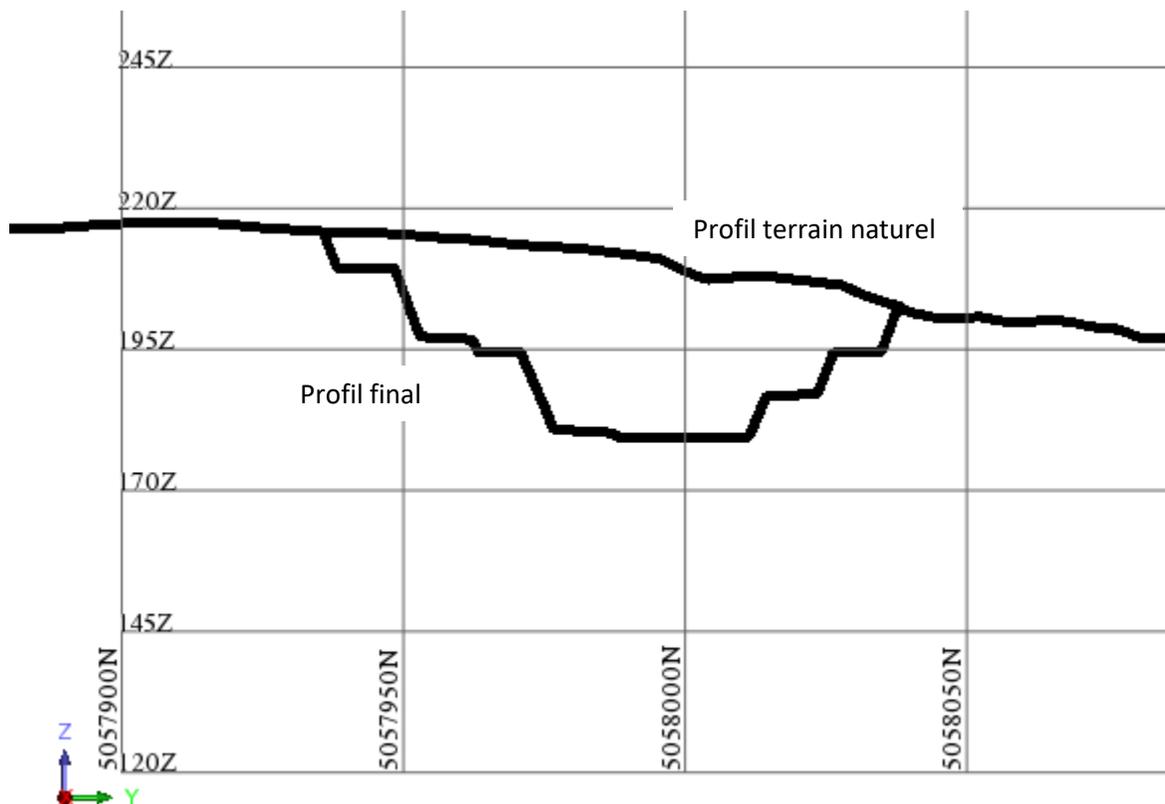

### Profil d'élévation : 530,560 West graphite pit (fosse de graphite ouest)

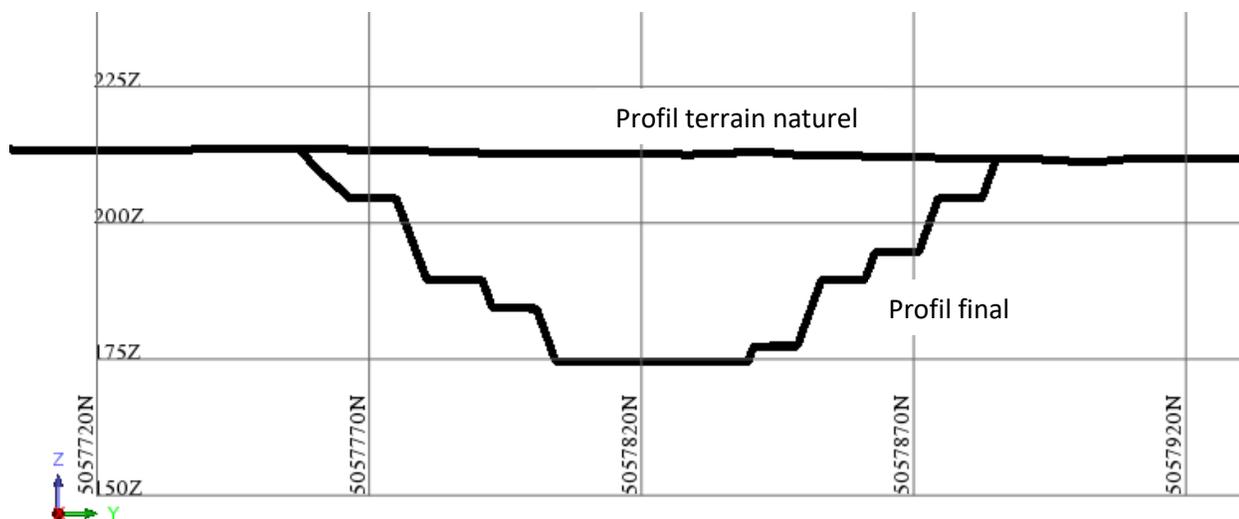

## ANNEXE 2 - Plan topographique – Mine Miller

### Profil d'élévation : 530,705 West graphite pit (fosse de graphite ouest)

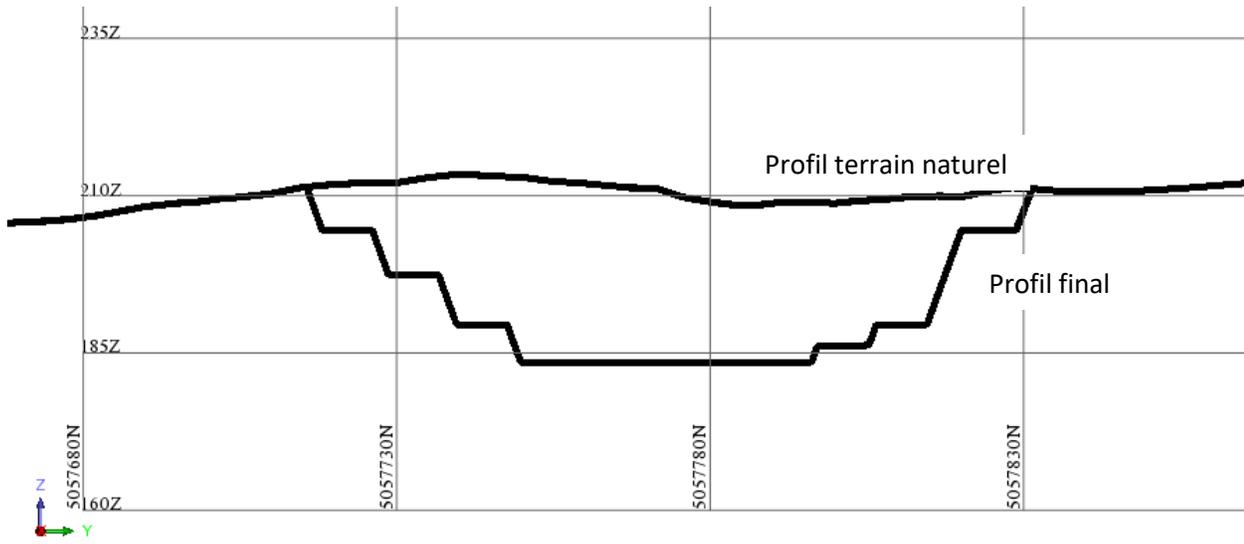

### Profil d'élévation : 530,960 East graphite pit (fosse de graphite est)

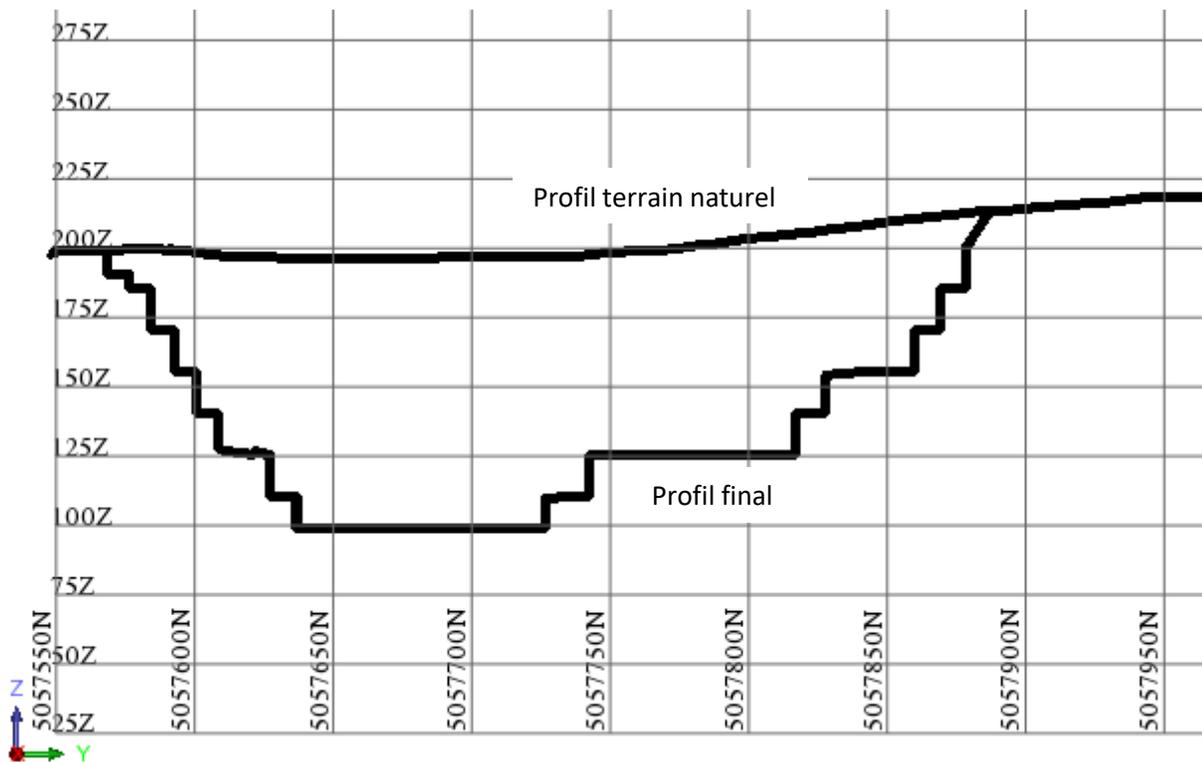

## ANNEXE 2 - Plan topographique – Mine Miller

### Profil d'élévation : 531,060 East graphite pit (fosse de graphite est)

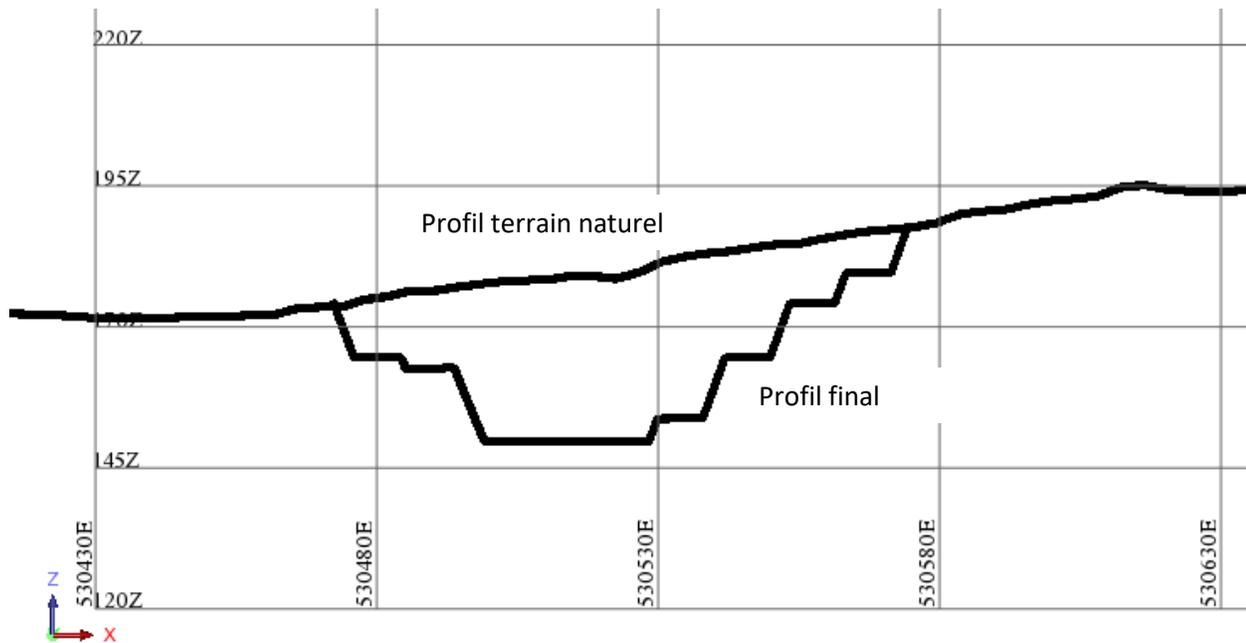

### Profil d'élévation : 531,195 East Marble pit (fosse de marbre est)

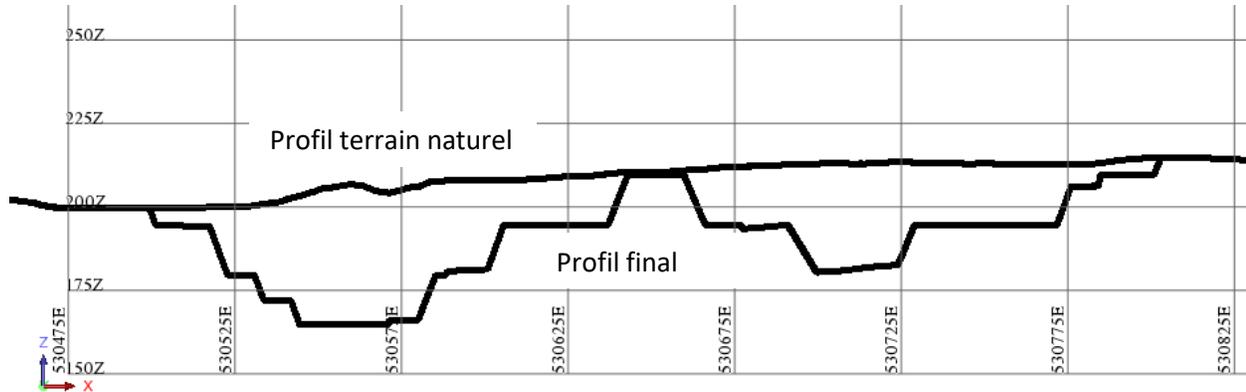

## ANNEXE 2 - Plan topographique – Mine Miller

### Profil d'élévation : 5,058,085 West Graphite pit (fosse de graphite ouest)

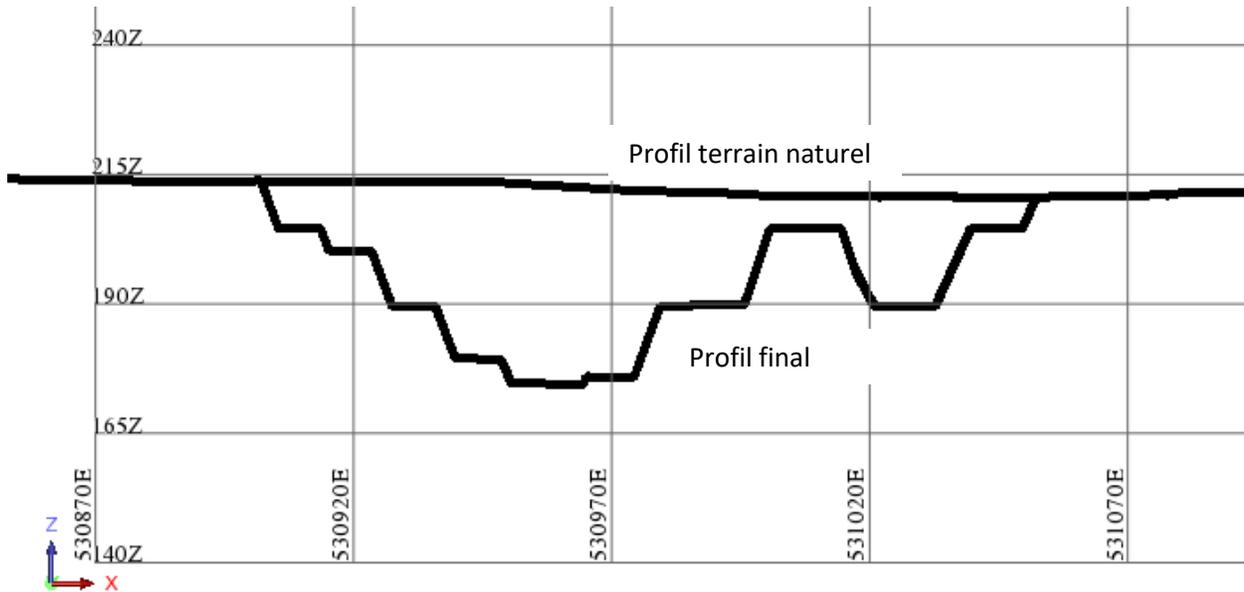

### Profil d'élévation : 5,057,980 West Graphite pit (fosse de graphite ouest)

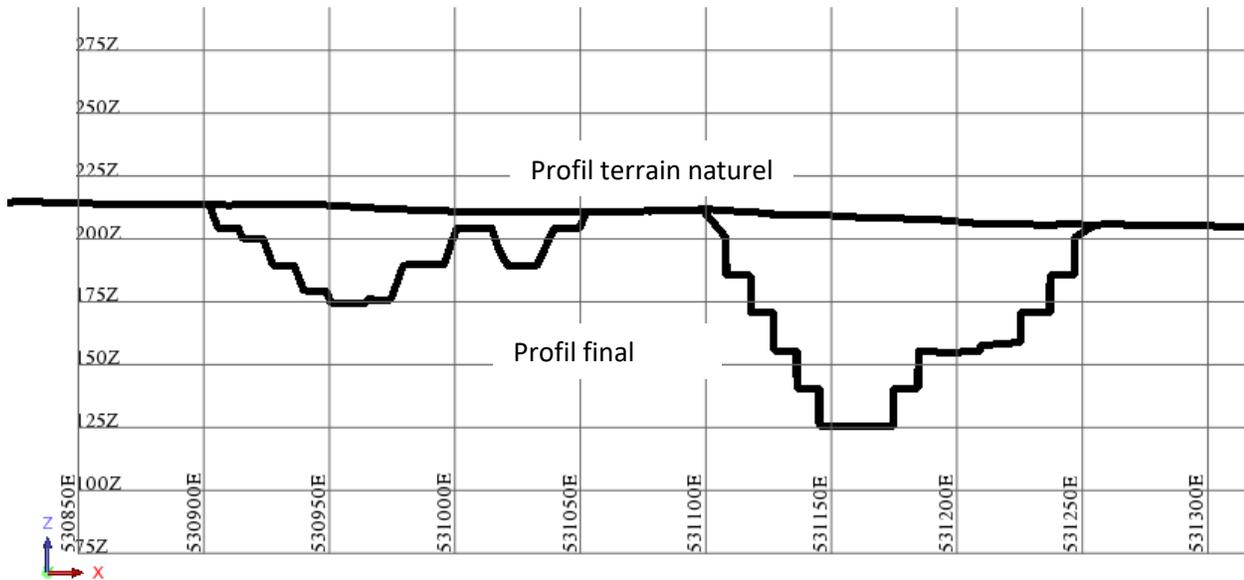

## ANNEXE 2 - Plan topographique – Mine Miller

### Profil d'élévation : 5,057,835 East Graphite pit (fosse de graphite est)

### Profil d'élévation : 5,057,835 East Graphite and Marble pits

## ANNEXE 2 - Plan topographique – Mine Miller

### Profil d'élévation : 5,057,670 Marble pit (fosse de marbre)
